NEW IN ELM SQUARE by November — this is the expectation of Danton Realty Trust and Standard International Corp., one the developer and the other the major occupant of this three-story office building to be erected on the site of the present Square and Compass Club. The structure will be known as the Standard International Building.

Standard International Corp. Will Occupy Elm Square Site

Standard International Corp. announced today that it will move its headquarters offices from the Colonial Center to a new, modern office building to be constructed at Elm Square by Danton Realty Trust. Daniel E. Hogan, Jr., president, said the three-story building will be known as the Standard International Building and that his corporation will occupy the entire third floor, perhaps more. Hogan estimates the structure could cost as much as \$1 million.

Standard Building is expected to be ready for occupancy by November of this year, Hogan said. He added that his company's move to continue headquarters operations in Andover is an expression of his faith in the community.

Surveying for the project, which involves razing the Square & Compass Club, is already underway and site preparation is to begin in March, according to a company official.

Salberg & LaBlanc, Brookline architects, designed the building which will be a completely modern,

air conditioned structure. Its three floors will comprise a total of 21,000 sq. ft. and a decorating firm has been retained to design Standard's quarters. Space for tenants will be decorated to their specifications.

Provided will be elevator service and parking space for 70 cars.

Part of Danton Realty's Development of the key downtown property has included construction of

Bank Reports Banner Year

Deposits of the Andover Savings Bank soared to a record high of \$35,287,567 in 1964 according to Robert M. Henderson, President of the institution.

In a report to approximately 30 Corporators and Trustees attending the Annual Meeting held Monday at the bank's main office, Henderson revealed that for the year ending Dec. 31 deposits had experienced a substantial gain of \$2,833,950 representing a percentage increase of 8.7% over the previous year's deposit figure.

Henderson went on to explain that a key factor stimulating last year's deposit growth was the bank's adoption of the Special

Vin Davey Is Out Of School Race

School Committeeman Vincent P. Davey announced this week that he will not be a candidate for re-election to the school policy board, despite predictions from many quarters that he would seek to retain his seat.

Personal commitments prevent his making another try at this time, Davey said, but he left the door open for a return to the local political scene next year. If the commitments in question are "fulfilled on schedule," Davey intends to seek another School Committee term in March 1966.

His absence from the race in March leaves the ballot shy one candidate. So far Dr. Daniel Frishman is the only announced candidate for the two seats available since the withdrawal of both John S. Sullivan and Davey from the campaign.

Davey, a teacher at Melrose High School, was elected to the committee in 1962 for a three-year term. He is also a lieutenant in the Naval Reserve attached to Naval Intelligence Division 1-1, First Naval District, Boston.

In making his decision known, Davey released the following statement:

"It is with a feeling of regret that I announce my decision not to seek re-election to the School Committee.

"My term, as a member of the committee, has been an unique and most rewarding experience. The support afforded me by the citizens of Andover has been an inspiration to my family and myself.

"This decision was not an easy one for me to make. However, personal commitments - completion of graduate studies and naval Reserve activities which will demand a change in schedule - have been two of the basic considerations in my decision.

"I would urge - perhaps with a suggestion of obligation - citizens with a sincere desire to promote and improve education, to become candidates for the school committee. Their efforts will bring a feeling of satisfaction and ac-

Green Registers Price Red Meats on Pink Slips

The CO-OP has five brand-new cash registers. Color them green.

Just as brown cows can make white milk from green grass, our green registers price red meat on pink sales slips.

Pink slips denote a new year for CASH refunds to CO-OP shoppers. They are worth their weight in real money. They are the symbol of canny homemakers.

FIVE new registers are a symbol of progressive management on the part of Andover's Consumer - owned Cooperative. Being fully automatic, they help speed your way through our check-outs.

Jaycee Week Begins Sun.

Jaycee Week, an annual anniversary observance of the Junior Chamber of Commerce, will be observed in Andover beginning Sunday, according to Don Carrine, local Jaycee president.

Highlighting the week's events will be the presentation of a Distinguished Service Award to the young man considered to have made the most outstanding contribution to the community in 1964.

He will be named and recognized at an awards dinner to be held at Andover Inn Jan. 20. Town Manager Richard Bowen will be the keynote speaker for this event.

Winter Hinders Local Mailmen

Postmaster Mooney today appealed to postal customers on rural and mounted routes to help their rural carriers make mail deliveries during bad winter weather.

The Andover post office has 5 rural & mounted routes, covering outlying sections serving approximately 2000 homes.

Mooney said that at the same time he hopes all authorities concerned with routes where snow and other bad weather hampers the carriers will continue to co-operate to help the mailmen get through.

The Postmaster listed these points of particular concern:

1. Approaches to rural mail boxes must be kept open by customers.

2. Obstructions to delivery of mail on rural routes should be removed or minimized to the fullest extent possible.

Where rural boxes pose a problem, the carrier may leave form 4056, "Your Mailbox Needs Attention," a notice to keep box approaches clear by promptly removing all obstructions, including snow, which may make mail delivery difficult or impossible.

Unless approaches are cleared, it may be necessary to temporarily withhold delivery of mail, the Postmaster pointed out.

Rural carriers are not required to perform service on foot when roads cannot be traveled with the vehicles normally used, but they are expected to make every reasonable effort to serve as many of their patrons as possible without physical exertion or added financial cost, he explained.

If excessive detours are necessary to effect delivery of mail, customers should temporarily relocate their boxes on the new line of travel, arrange to receive their mail through other patrons' boxes, or make other arrangements for their mail until travel on the roads affected can be resumed.

Next to ingratitude, the most painful thing to bear is gratitude. H. W. Beecher

Phillips Host To Conference

The New England Student Assoc. will hold its 20th annual conference on the campus at Phillips Academy Saturday and Sunday.

Attending will be delegates from 53 private secondary schools, most of them from New England but some from as far away as Princeton, N. J. With the group will be 44 faculty advisors, 58 boys and 65 girls.

Officers of the association's executive committee are president, Todd Everett, who also heads the Phillips Andover Student Congress; secretary, Jim Miller of Phillips Exeter; and treasurer, Thomas Amon, Belmont Hill School.

The keynote address for the two-day meet will be delivered by David Aloian, headmaster at Concord Academy. The educator, himself a product of public schools, will discuss the differences between public and private school education.

The general topic for the conference and for the group discussions scheduled is concerned with the part students should play in governing their own school life.

A lecture for the faculty advisors by the head of Princeton University's psychology department will be held Saturday evening during the period student delegates will attend a campus dance.

Some 75-100 Phillips boys have assisted with plans for the conference headed by Kit Meade, vice president of the Student Congress.

ANDOVER MAY BE MODERATORLESS

Atty. Charles G. Hatch, town moderator since 1958, reported this week that he will not be a candidate for re-election in March.

Stating that he has "enjoyed the work immensely", Hatch said that nevertheless he feels it is time for someone else to take on the job of presiding over Town Meetings.

A check with the clerk's office shows that prospective candidates have been slow to take out papers.

CYO TO MEET FOR ROSARY

mony - at St. Monica's Church, Methuen.

Escorted to the altar by her father, the bride wore a white velvet gown with a scoop neck, fitted bodice and a straight skirt with unpressed pleats and a detachable chapel train. Her rose-shaped headpiece was adorned with seed pearls and sequins and held a four-tiered net veil. She carried a bouquet of white stephanotis with a

white orchid center.

A sister of the bridegroom, Miss Marsha Cookson, was maid of honor. Her full length red gown had a velvet bodice and a satin skirt, dramatized by an Empire waistline. A large red rose held her net veiling, and she carried a white fur muff centered with a single poinsettia.

Identical gowns were worn by the bridesmaids, Miss Jeanette Lambert of North Andover and Miss Lynn Foley of North Andover, both cousins of the bride. Best man for the ceremony was David Murphy of Andover and ushers were Edward C. Benoit, Jr. of Methuen, the bride's brother and Francis Duckett of Lawrence, a cousin of the bridegroom.

For her daughter's wedding Mrs. Benoit wore an ice blue brocade dress with matching accessories and a white orchid.

The mother of the bridegroom wore aqua and gold brocade and a white orchid.

West Church Is Rally Host

West Parish Church will host Saturday to some 120 boys and girls from 12 communities attending the 1965 High School Youth Rally sponsored by the Northeast District of YMCA.

They will register at 1 p.m. for a program that will run into an evening of recreation at the Lawrence YMCA.

Main speaker for the rally will be Rev. Bruce Van Blair, West Church pastor, who will discuss "Moral Integrity" in his address. Following this presentation delegates will go into small discussion groups for further discussion led by leaders from the host church.

The full group will reassemble to report their findings and take part in a question and answer session prior to a banquet in the main assembly hall.

At the YMCA they will be permitted to swim, dance, attend movies or play games.

Arrangements have been made with the Andover and Lawrence police to provide an escort for the motorcade from the church to the Y, according to F. Lewis Brown, youth director at the Greater Lawrence YMCA and general chairman for the rally.

Any boy or girl in the Greater Lawrence area who is interested in attending the program may contact Mr. Brown at the YMCA or Rev. Van Blair at West Church.

Townsmen Editorial Thoughts

Bickering A Deterrent

The Board of Selectmen wants no part of running the School Department — least of all any responsibility for administering the educational program of the octopus-like school system.

This is the consensus of the Board in responding to the charge made last week by School Committeeman William Doherty that the Selectmen are "trying to take over the whole department."

There are those connected with the school system who refuse to recognize any blood line between the town and a department legislatively set apart from the rest of the municipal operation. No one in the educational hierarchy opposes, however, the annual financial transfusion that temporarily links the community with the operation that accounts for virtually half the annual town budget.

The present town manager rode into Andover on a wave of criticism, at its core being the charge of a lay committee that the five-year-old manager charter was not being fully implemented and that the Board of Selectmen was not tending to its knitting, that it was bogged down in handling administrative chores that are the manager's responsibility and not sufficiently concerned with its prescribed job, that of setting municipal policy.

It is efforts to correct this situation, to move toward observing the dictates of the charter, that have precipitated the public sparring between the manager, school administrators and the School Committee.

The manager hit hot water when he moved, in the interest of economy, to head off school department plans to purchase a bookkeeping machine for its exclusive use. Claiming that Town Hall accounting systems were also antiquated, he espoused the purchase of a more complex piece of automated equipment that could give all municipal departments fast access to financial information.

In December he was backed by the Board of Selectmen which publically announced its acceptance of a lay-committee recommendation that the town semi-automate its financial record keeping. Recognizing the plight of the School Department, the Board went a step further and offered to lease, on a temporary basis, a bookkeeping machine that could relieve record keeping pressures until the town can get an automated system operative.

More fat for the fire was the manager's request (voted down last week) that the School Department prepare a statement for the annual Town Report. This has been interpreted by some as a move toward eventual elimination of the traditional separate School Report. To the

manager it is a move toward observing the law which he says requires all town departments to submit information for the annual report to the people. Compliance, in his opinion, would not limit the School Committee's right to issue a supplementary report of its own.

Both public and private quibbling over the legal and traditional points now at issue between the Town and the School Department has made one thing quite clear: there is no such thing as a flourishing spirit of cooperation between town and school department officials.

This is not to say that every member of the School Committee is as complete and absolute a separatist as the superintendent appears to be. The chairman, for example, has been outspoken in his support of cooperation in non-educational areas — indeed the committee's full membership claims to favor centralized accounting.

And on the reverse side of the municipal fence, it must be admitted that at least two Selectmen believe the Commonwealth, in attempting to keep the school business free of politics, has given School Departments too broad an "immunity."

Such personal reservations, and certainly personal animosities, should not be permitted to get in the way of any solution to mounting municipal costs that would not weaken the school structure.

It is difficult to see how cooperation with either centralized accounting or the annual Town Report could do this. It is common knowledge that country banks, corporations and even such self-employed persons as doctors and lawyers are farming out their accounting chores to automation service centers without any thought of losing financial control of their businesses.

As for the town vs the private report to the people, the inclusion of some school data with the municipal annual report would seem to offer school officials a double opportunity to tell their story, perhaps to an even broader audience than may be interested in the weightier detailed information that they released on their own.

Municipal officials, without exception, have expressed an interest in seeing that Andover children have the best school system its residents are in a position to buy. But they are equally interested in seeing that it be financed in such a way as to leave something for the other areas of town government concern.

Any further bickering can only serve to postpone a genuine, concerted, inter-departmental effort to get the most possible for every Andover tax dollar.

Movies For School-Age

Today, Jan. 14, three films are being shown to children of school-age at Memorial Hall. Those planning to see the films meet in the children's room at 3:30. The program will be "Fort Ticonderoga," "Wonderful World of Fish," and "Hoppy the Bunny."

Littlest Listeners

After a vacation corresponding to the school holidays, the preschool group started their regular morning meetings at Memorial Hall Library this week. The Squirrels enjoyed a seasonal program Tuesday morning and at Ballardvale the Littlest Listeners met with Mrs. MacCausland this morning. Next Tuesday at 10 a.m., Jan. 19, the Teddy Bears will have their regular program with Miss Russell in the children's room at the main library.

Great Books

The famous Prince of Denmark will be discussed by members of the Great Books group next Tuesday evening at 7:30. The book for the Jan. 19th meeting is Shakespeare's Hamlet.

Story Hour

Tales of India are to be the

feature during story hour in the children's room at 3:30 next Thursday, Jan. 21 when children of school age will have the chance to listen to the same sort of folk tale enjoyed by Indian children in their homeland. They will hear "The banyan deer," "How the rhinoceros got his skin," and "The monkey and the crocodile."

Library Study

The library study just completed by the Andover Library Study Committee shows some interesting facts about the use of the public library that do not show themselves in statistics of circulation which once were the only record of services a library offered the public. During the period of the ten day study late last spring, 1,474 different people came into the adult and young adult departments of the library to borrow books, records, magazines; to browse or look over the new books; to get business information including the latest stock-market quotations; and to study. Indeed 55% of all users were students. While the secondary schools of Andover provided the majority of students, sixty institutions of learning were represented. The statistics were gathered during spring school vacation and so commuting college students and other college students home for a holiday came to Memorial Hall Library to research material for term papers and other assignments. An estimated 600 visits to the adult and young adult departments were from students

who came back again and again to do their work. Of all student users, 884 said they preferred Memorial Hall Library because its book collection provided what they needed and an overwhelming 934 said they came because of the long hours the library was open.

Observation during the recent Christmas and New Year's vacation weeks confirms this use of specialized books in a wide range of subject areas, chiefly by mature students. With college students back at their regular institutions, high school age students have flowed back in to the 34 seats in the main reading room.

Do You Know Mary Poppins?

She is on display now in the children's room. This handmade doll, the delightful work of Mrs. Edith Smith, looking just like Mary Poppins and dressed as she should be in her inimitable flowered hat and high button shoes, is on display now at Memorial Hall Library in the children's room. Mrs. Smith makes these fascinating dolls for her own great-grandchildren and has been kind enough to lend one to the public library for all to enjoy for a month. So come, "Come in before the wind changes!" See Mary in her flower bedecked hat, carrying her satchel and umbrella.

New Movies For Loan

The audio-visual department announces the following films are in the library and may be borrowed for showing at homes and to groups. Program chairmen, ask us about available movies for your meetings, January 11-29: BEE-THOVEN AND HIS MUSIC, FORT TICONDEROGA, NEW BABY, WONDERFUL WORLD OF FISH.

What Our Readers Say—

To the Editor of the Townsman: The Andover League of Women Voters wants to urge all qualified citizens of the town to consider running for office.

Men and women who have an interest in town affairs, the ability to make sound judgments, and a willingness to serve the community are needed as candidates for the positions of School Committee member, Selectman, Moderator, and Housing Authority member.

As a non-partisan organization, encouraging good government, but not endorsing particular candidates, the League of Women Voters hopes that you who read the letter will thoughtfully consider your own qualifications.

The deadline for submitting nomination papers to the Town Clerk is Monday, January 25 at 5 p.m.

Down the Years with The Townsman

75 Years Ago — January, 1890

S. B. Locke had an acre of grass land plowed Wednesday, rather an uncommon thing for the 8th of January.

In the appointment of the legislative committees at the State House, Sen. J. M. Bradley of this town was assigned to the standing committee on engrossed bills and on the joint committee on water supply and State House.

About \$40,000 was disbursed last Monday by the town, probably the largest amount of any town pay-day. The water works took a large share of it.

Only 86 of the 253 enrolled at the Intermediate School were attending this past week due to the spread of La Grippe.

Tramps were unusually numerous about the village Tuesday evening.

Several parties have been plowing this week. Peach trees have been left out in John Leonard's garden.

Mr. Ed Pearson captured a handsome mink yesterday.

50 Years Ago — January, 1915

The new system of payment for the school teachers goes into effect on January 11. They will be paid weekly, one week being held back to facilitate making up the payroll. The teachers will be paid cash and will receive their envelopes by calling at the office of the town treasurer on pay days.

Speaking of economy, it is about time that Andover voters put on their economical glasses and began looking into affairs of the town for the coming year. These glasses should reduce rather than increase and should hold in rather than promote. We went pretty far last year in some local extravagances, so far that the cost of government in Andover touched a pretty high spot.

F. L. Cole, superintendent of the Board of Public Works made the following recommendations for 1915: Highway Dept., \$25,000; sidewalks, \$2,500; Water Dept., \$11,500; Sewer Dept., \$1,500; Snow, \$1,500; and Park Dept., \$1,500; a shed and barn to be built on town land to take care of property turned over to us by the Fire Dept. — two watering carts, three sleds, two cars and various other things, \$1,500.

25 Years Ago — January, 1940

Chairman Howell F. Shepard has announced that he will be a candidate for re-election as selectman and assessor, and Frank Buttrick and Henry Bodwell will not run for re-election to the Board of Public Works.

The circulation at Memorial Hall Library was increased 10 percent in 1939.

Atty. Walter C. Tomlinson of 11 William St. will be Andover's new trial justice if the Governor's Council next Wednesday approves Gov. Saltonstall's nomination.

Frank H. Hardy, former selectman, was elected a trustee of Andover Savings Bank taking the place left vacant by the death of Frederick S. Boutwell.

Rowland L. Luce was installed for his second successive term as president of the Square and Compass Club.

10 Years Ago — January, 1955

In a forward-looking statement regarding the future development of the town the Andover Taxpayers Assoc. sub-committee on industrial zoning has submitted a report recommending that a section of West Andover and of Lowell Junction be zoned exclusively for industry.

The Andover division of the Greater Lawrence Infantile Paralysis fund will be again conducted under Fire Chief C. Edward Buchan and Woodrow Crowley, co-chairmen.

Edwin Leidich has been elected president of the new Lions Club. Henry Nassar is first vice president; Dr. Frank Hayden, second vice president; and Hygus Azarian third vice president; Atty. Arthur Williams, secretary; Edward Kfoury, lion tamer; Robert R. Robichaud, tail twister; William A. Doherty and Donald Lundgren, directors for two years; Irving E. Rogers, Jr. and Robert Frazee, directors for one year.

YOUR Pharmacist SPEAKS

Dr. Paul Upson, R. Ph.

It's very likely that you occasionally come up with cold sores on the mouth or lips. The disease causing these sores is known as herpes simplex, and is as old as man himself.

Cold sores result from many and varied circumstances. They often go hand in hand with bouts with colds or influenza; they sometimes follow too much exposure to sunshine or cold wind and, in many instances, they appear due to internal upsets.

The virus causing cold sores is unique in that it will live among people susceptible to this disease, despite the fact that the person's blood carries antibodies that can destroy it.

Rt. 28 - Salem, N. H.

dividend on regular accounts was 4% per annum. Funds in this type of savings plan now add up to 18% of the bank's total deposits.

Reviewing the bank's 1964 mortgage activity, Henderson reported that the net gain in real estate loans, primarily to finance residential properties, amounted to \$4,167,541 bringing the total mortgage portfolio to a new peak of \$29,145,341 or 82% of total deposits.

Corporators were told that approximately 50% of the total mortgage investment was made up of government insured loans, FHA as well as GI loans to veterans of World War II and Korea under the Servicemen's Readjustment Act of 1942.

"Our mortgage record" Henderson stated "clearly shows that Andover Savings Bank continues to forge ahead as one of the leading sources of funds for home financing in Greater Lawrence and surrounding communities."

The bank president went on to say that earnings from increased mortgage business and other investments during 1964 resulted in depositors sharing in the largest dividend payment in the history of the bank amounting to \$1,291,870.

He informed Corporators that the volume of personal loans written in 1964 reflected a 46% increase over the previous year. Describing this as a very satisfactory gain, he pointed out that savings banks were "badly handicapped" by the present \$1500 limitation on unsecured loans.

"This limit is inadequate to service the expanding needs of borrowers in today's economy," he asserted, "As a result we are forced at times to refer our own customers to other sources if their borrowing needs are in excess of the \$1500 limit. This practice is not in the best interest of the bank, business-wise or public relations wise."

Henderson pointed out that among bills filed for consideration by the state legislature this year is one which would increase savings bank personal loan limits to \$5000 and also allow 10% of the first \$50 million dollars of deposits to be invested in this type of loan instead of the present 5%.

Touching briefly on the bank's progress toward complete automation, Henderson announced that the new IBM electronic computing machine recently installed at the main office was proving to be of great value in simplifying operational procedures and speeding up service to customers.

He revealed that with this new system a mortgage transaction which previously took 2 to 3 minutes to process at the window can now be accomplished in about 15 seconds.

Henderson paid special tribute at the meeting to John R. Abbot, who retired after 16 years of service as a trustee and member of the investment board. Abbot will continue on as a corporator.

In other business taken up at the meeting, the following officer were re-elected for 1965: Robert M. Henderson, president; Richard C. MacGowan, vice president and treasurer; Lyman S. Appleton, assistant treasurer; Chester T. Jenkins, assistant treasurer; and Dana W. Kingsley, assistant treasurer.

William R. Kennedy, President of the Merrimac Valley National Bank, was elected a new corporator.

Bruce Hinckley has resumed his studies at Wesleyan College, Mt. Pleasant Iowa after spending the holiday season with his parents Mr. and Mrs. Owen Hinckley of Birch Rd.

THERESA MANZI AMORE

Fifteen Years Of Experience

Theresa Manzi Amore has over fifteen years experience in work with people who have difficulty with hearing. This experience coupled with intensive training certifies Mrs. Amore as an expert. Some of her training included courses in Audiology at Emerson College Hearing Institute in Boston, she is a graduate of the Certified Hearing Aid Audiology courses of the Society of Hearing and Audiologists, and the SONOTONE School of Hearing and Hearing Aids. She is a member of, and board Director of the Massachusetts Hearing Aid Dealers and was elected by this group to be a delegate to the National Board. She is Secretary of the Emblem Club, the Auxiliary of the Elks, on the Board of Directors of the Sales Executive and Marketing Club. She was the first woman manager for the SONOTONE Corporation in New England, and since 1957, has won Sonotone's Annual Award for outstanding service. This Andover Resident has a daughter, Francine, in Pike School, and until time became pressing, was very active in such girls' groups as the Bluebirds and the Campfire Girls. In both, she was a Leader. For many years she has checked the hearing . . . individually . . . of students of St. Augustine's School. If you have a hearing problem, or know someone who does, Theresa Manzi Amore is the person to see. She's in Room 332 of the Bay State Building, 301 Essex Street, Lawrence.

Do It With Simplicity . . .

Simplicity is the brand name of the snow removal machine stocked and serviced by the Merrimac Marine Supply, 224 East Street, Route 110, Methuen. Simplicity Snow Fighters come in a variety of models to fit most needs and pocketbooks. There is a little but mighty 4 H.P. Sno-Away with a 23" swath. There is a great big 9 H.P. Landlord with a 36" rotary snow thrower. There's another half dozen models in between. Some of the outstanding features of the Simplicity line are completely winterized Briggs and Stratton engines with "Easy-Spin" starting, adjustable spouts to 270 degrees and to different heights, all heavy duty construction, and easy storage compact design. The folks at Merrimac Marine would be glad to demonstrate these remarkable machines for you. Merrimac is also the sales and service headquarters for the famous Reo line of snow throwers. So don't break your back this winter. Don't have a heart attack. Fight snow the sensible way - with a snow thrower from Merrimac Marine. For more information, call Walter Kall - MU2-7291.

Ubiquitous . . .

No, this is not a word test . . . but the one word that really summarizes many folk's feelings about the little "bug" from the other side of the Atlantic is "ubiquitous". They just seem to be everywhere. And they are . . . with reason. Volkswagen is a great automobile. And we are lucky to have in our area, one of the best dealers in this mechanical marvel . . . the Harrison Park Corporation, 222 Lowell Street, Lawrence. Service is one of the many determining factors in our minds when we consider buying a car. Harrison-Park Volks has all factory-trained mechanics who give constant red carpet treatment so that every VW owner feels like a limousine owner. But they should give red carpet service, because those "bugs" hardly ever need attention. However, if your Volks does develop symptoms, phone the Harrison-Park Corp., authorized sales and service of the "ubiquitous one." They'll give you an expert diagnosis . . . AND a good repair job at a fair price. 686-9743 is their number. If you are a VW owner, make your phone directory complete with that number.

Good People To Deal With . . .

They have a standing rule over at Clark Motor Company, Inc., Lawrence's Chrysler-Plymouth-Valiant-and-Jeep dealer. NO SALE IS EVER COMPLETE UNTIL THE CUSTOMER IS SATISFIED! Merely telling the truth about their used cars should not have built them a big business, but it has. They never deliver a used car until it has been thoroughly serviced to give all the economy, comfort and long-life that a Clark Motors' customer has come to expect. In this day and age of the big discount, the drastic mark-down, and glorified price juggling, a lot of people stumble while trying to become seasoned purchasing agents. It has become a fetish to see how much-off folks can get on everything. Quality and service have lost their meaning, and value is lost in the bargain. Don't get caught in the treadmill of price. Rather, visit CLARK MOTOR COMPANY, INC., and get quality and satisfaction. The folks at 273 South Union Street are proud of their quality used cars. Drop in soon. Because of the tremendous popularity of the new Plymouth and Chryslers, there is a bigger selection of good trade-ins than ever before.

Let It Snow . . .

Let it rain . . . let it snow . . . let it hail! Your feet will be warm and dry in Eskiloo's of Royalton vinyl on fabric developed by U. S. Rubber. Very practical because they can't crack or stiffen. AND, they wipe clean with a damp cloth. Wear them high or cuffed to show the nylon fleece. Two styles, both in full sizes; the popular 16" knee high, and the standard favorite, the 11" calf high. Of course, the selection is always greater at LAMEY-WELLEHAN, Lawrence's complete shoe store, at 331 Essex Street. Not only the popular Eskiloo's are stocked, Kickerinos are also stocked so that the customer always gets the greatest selection possible. Boot colors are blacks, mid-tans and wet sand. LAMEY-WELLEHAN stocks them in both flats and with heels. These popular boots range in price from \$8.95 to \$19.95. Folks in Andover have come to rely on LAMEY-WELLEHAN for the latest in styles for men, women and children. From Stride-rite to Florsheim, you can count on LAMEY-WELLEHAN FOR correct fit, name brands, and popular prices. Drop in soon.

THE NEW PUMPS TURNED OVER TODAY at Riverina Pumping Station where Phillip K. Allen, chairman of the Board of Selectmen, pressed the button that activated the equipment, and signalled completion of the town's \$1.6 million accelerated sewer project. Looking on, left to right: Nathaniel H. Calder from the town's consulting engineering firm, Camp, Dresser & McKee; Town Manager Richard Bowen; Donald Bassett, Water and Sewer Dept. superintendent; and Frank Smith, also of Camp, Dresser & McKee. (Bretts)

Sewer Project Now Complete

Philip K. Allen, chairman of the Board of Selectmen pushed the button today that activated new pumps at the Riverina Road Sewage Pumping Station and signalled completion of the \$1.6 million Accelerated Public Works project in Andover.

Since December, 1963 almost 13 miles of sewers (67,323 ft. to be exact) have been constructed at a total cost approximately \$85,000 or five percent, less than the bid prices. About one half of the full project cost came from U. S. government matching funds.

Initially, according to Donald C. Bassett, water and sewer superintendent, the new lines will serve about 355 homes. The project, which originally was scheduled for completion in June, 1965 was wrapped up six months early, largely because of the job Bassett did in coordinating work on the various projects, good weather and efficient contractors.

Today's ceremonial ending to the major sewerage expansion, also means an end to the traffic disruptions and construction dirt that plagued residents through the summer, Bassett said today. The rapid-fire scheduling of work necessitated detours at various times in the Porter Rd. area, Dascomb Rd. area, Lovejoy Road area, West Parish Center area and Haverhill St. area.

Bassett gave credit today to the

town's consulting engineers, Camp, Dresser & McKee who designed the project and supervised construction, and to contractors D. Federico Co., Cognale Con-

struction Co. and R. W. Jones Electrical Co.
